DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2019-0590]

RIN 1625-AA00

Safety Zone; Los Angeles Fleet Week, San Pedro, California

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The U.S. Coast Guard is establishing a temporary safety zone in the Port of Los Angeles Main Channel, in support of the U. S. Coast Guard aviation and waterborne asset demonstration for Los Angeles Fleet Week. This action is necessary to provide for the safety of life on these navigable waters in the area of the Coast Guard air and water demonstration and to protect the high concentration of people attending the event. This regulation would prohibit vessels from entering into, transiting through, or remaining within the designated area unless specifically authorized by the Captain of the Port, Sector Los Angeles - Long Beach, or a designated representative.

DATES: This rule is effective from 10:00 a.m. August 31, 2019 through 4:00 p.m. on September 2, 2019. The rule will be enforced from 10:00 a.m. to 4:00 p.m. each day.

NPRM	Notice of proposed rulemaking
§	Section
U.S.C.	United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable due to the lack of sufficient time to provide a reasonable comment period and consider those comments before issuing the rule and establishing the safety zone by August 31, 2019.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the ***Federal Register***. Delaying the effective date of this rule would be contrary to the public interest because

immediate action is needed to address potentially hazardous conditions associated with high-speed maneuvers from waterborne vessels and aircraft for a search and rescue demonstration.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port, Sector Los Angeles - Long Beach (COTP) has determined the navigational safety will be affected by the potentially hazardous conditions associated with event safety due to the expected high-speed maneuvers from waterborne vessels and aircraft for a search and rescue demonstration along the main shipping channel of the nation's most economically vital port complex. For these reasons the Coast Guard believes that a safety zone is necessary to ensure the safety of, and reduce the risk to, the public, and mariners, in the Port of Los Angeles.

IV. Discussion of the Rule

This rule establishes a temporary security zone from 10 a.m. through 4 p.m. from August 31, 2019 to September 2, 2019, encompassing all navigable waters from the surface to the sea floor consisting of a line connecting the following coordinates: 33°44.386'N 118°16.658'W, 33°44.370'N 118°16.545'W, 33°44.858'N 118°162.86'W, 33°44.897'N 118°16.399'W. All coordinates displayed are referenced by North American Datum of 1983, World Geodetic System, 1984.

No vessel or person is permitted to operate in the safety zone without obtaining permission from COTP or the COTP's designated representative. A designated representative means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal,

State, and local officer designated by or assisting the COTP in the enforcement of the security zone. To seek permission to enter, hail Coast Guard Sector Los Angeles – Long Beach on VHF–FM Channel 16 or 310-521-3801. Upon being hailed by a Coast Guard vessel or designated representative, by siren, radio, flashing light or other means, the operator of the vessel shall proceed as directed.

The general boating public will be notified prior to the enforcement of the temporary safety zone via Broadcast Notice to Mariners.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders (E.O.s) related to rulemaking. Below we summarize our analyses based on a number of these statutes and E.O.s, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

E.O.s 12866 (“Regulatory Planning and Review”) and 13563 (“Improving Regulation and Regulatory Review”) direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits including potential economic, environmental, public health and safety effects, distributive impacts, and equity. E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. Executive Order 13771 (“Reducing Regulation and Controlling Regulatory Costs, directs agencies to reduce regulation and control regulatory costs and provides that “for every one new regulation issued, at least two prior regulations be identified for elimination, and that the cost of planned regulations be prudently managed and controlled through a budgeting process.”

This regulatory action determination is based on the size, location, duration of the safety zone. Commercial vessel traffic will be temporarily impacted by this rule, due to its impact a designated area of the of Los Angeles main channel in the vicinity of the Port of Los Angeles between Berth's 84-93A. The Coast Guard and Inter Agency Unified Command will establish communications with the LA Pilots and Vessel Traffic Service/Marine Exchange to coordinate and mitigate all inbound and outbound commercial and recreational traffic movements through the 0.12 square mile safety zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the security zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator. Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this rule does not have tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has

implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone encompassing a 0.12 square mile area around the Los Angeles Fleet Week events, in the Port of Los Angeles between Berth's 84-93A, effective from 10 a.m. to 4 p.m. each day from August 31, 2019 through September 2, 2019. Such actions are categorically excluded from further review under paragraph 60(a) in Table 3-1 of U.S. Coast Guard Environmental Planning Implementing Procedures 5090.1. An environmental analysis checklist supporting this determination and Record of Environmental Consideration (REC) are available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
